After the welcome return with new single Kick Out The Jams on iO Music, Andre Tegeler AKA Moguai delivers the perfect summer compilation I Am X from his own Punx imprint.

Inspired by the support and feedback received from his DJing, massive German radio shows on 1LIVE and MDR Sputnik, plus his huge party collaborations in the form of his 'Moguai and Friends' events, Moguai felt the demand for his sound to be encapsulated. This artist-based compilation stems from the day when club kids could take home a mix at the end of a night out and provides the punter with what Moguai's sound is really about.

I Am X is a double disc compilation that mirrors Moguai's passion for the electronic sound without the need to stick to a particular genre. Alongside Kick Out The Jams, Diamond Back (Moguai's collaboration with Zenker) and Sitting On The track are Moguai masterpieces that feature. These sit seamlessly next to the cool Dennis Ferrer Son Of Raw, Funk D' Void's remix of Blonda by Shlomi Aber and Chris Barratt's re-rub of Twilight by Adam K and Soha. Moguai's latest remix of Cracks by Meat Katie features on CD 2, with the heavy System Addict from Plump DJs, Pins from Marine Parade's golden child Alex Metric plus Mark Knight's solid take on Underworld's Beautiful Burnout.

I Am X perfectly reflects the electronic, boundary skimming yet perfectly fitting sound that Moguai is championing. With some very tasty remixes in the pipeline, a new single Sittin on Chrome for iO Music, plus co-hosting the biggest after-party for the Berlin Love Parade with Germany's largest radio station 1LIVE and even a T Shirt line (!), expect big things for Moguai in 2008... watch this space for more information and news!
